

Brief CV

Name	Mohd Aminudin Jamlos	中文名		
Gender	Male	Title (Pro./Dr.)	DR.	
Position (President...)	Senior Lecturer	Country	Malaysia	
University/ Department	Electronics Department, Universiti Malaysia Perlis			
Personal Website				
Research Area	Telecommunication Engineering			

Brief introduction of your research experience:

MOHD AMINUDIN JAMLOS was born in Pahang, Malaysia in 1986. In 2016, he received his Doctorate in communication engineering from Universiti Malaysia Perlis (UniMAP). Currently, he work as senior lecturer in Engineering Technology Faculty of Engineering Technology, UniMAP. From 2011 to August 2018, he and other researchers have produced 21 journals and 25 conference papers. Additionally, he also received 9 awards in: 9 Gold and 1 special award (SIIF 2011) including national and international exhibitions. He is a professional certified in Mikrotik Certified Network Association (MTCNA) and Mikrotik Certified Routing Engineer (MTCRE) in international recognized engineering networks too. He obtained one copyright and one patent pending for research product Alzheimer Early Detection while doing a master's degree. He is interested in doing research in microwave imaging, disease and cancer identification, dielectric material characterization, electromagnetic waves, antennas and microwave measurements.
